

Our self-service mailing tool helps take the stress out of annual notice season

We work hard so doing business with us is easy. With annual notice season right around the corner, don't forget we have a way to help you streamline the completion of participant mailings for your plan. With just a few clicks and a simple upload feature, you will have the option to initiate, set delivery and pay for mailing expenses online.

 **And now, we've made it even more affordable for your plan by implementing variable pricing – the larger your mailing the lower your per-piece cost!**

Here are a few things to keep in mind:

- Although this is not a MassMutual controlled website, you will need your MassMutual provided Login ID/Username for login and registration with the vendor of the site before access is granted to this self-service option.
- Mailing costs are based on volume and postage, **and we've reduced the minimum charge** to only \$90.00 (excluding postage).
- You will be billed directly by the vendor of the self-service tool. MassMutual may charge a technology and administration fee to utilize this feature and it may be assessed on a per plan participant basis.
- For additional details about this service, review the [User's Guide](#).

Get started with mailings at <https://C1KMail.response-element.com/partnercenter>

We are confident that this service option will help lighten the load of plan management. If you have any questions, please contact your MassMutual Account Manager.
